In compliance with a verbal message delivered to me by Capt. I have designated these Hospitals because they are on the line of Rail Road; and also because they, at the present time contain comparatively but few patients, though properly speaking not convalescent Hospitals—

Sir

I hold a Capt Commission from  
the State of N.C. which I suppose,  
will soon be called in; When it  
is recalled, will I be Subject To The  
"Conscription Act"? I volunteered, May  
1861, and received my appointment from  
the State Two Months after. I would like  
to remain in Service with a similar rank,  
should it meet your approbation; For references  
I would refer you To Genl J. G. Martin

Col. G. B. North

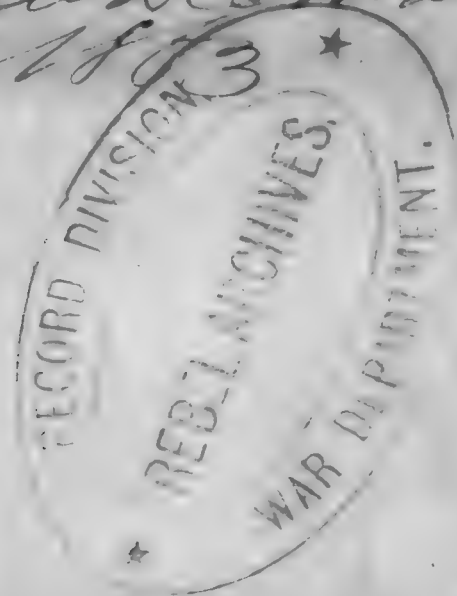

I have just received your letter of the 10th inst. and am sorry to hear that you are suffering from rheumatism. I have been unable to get off my March Statement and Quarterly return until now, and even now to send it without all my corrections. A mistake, however, occurred in the invoice for beef from Capt McElernagh in March, for some twelve thousand pounds, we have not been able to correct it, by about thirty eight hundred pounds. I have balanced up my accounts, by adding the amount I think I should accept for and so soon as it can get in, I will forward one. I also received severe injuries by a fall from my horse, which will account for my return being so far behind time.

Oct 14<sup>th</sup> 1862

Surgn. C. A. Galland,

Sir.

In compliance with order  
from Surgn Genl. office of Oct 1<sup>st</sup> 1862, I respectfully  
submit the following report.

There have been thirty five cases of compound  
fracture of the thigh (gunshot) treated without  
amputation in this Hospital.

Of this number twenty  
(~~two~~ eight (28) died and seven recovered, or at least  
were doing well when they left the Hospital.

Very respectfully  
C. A. Galland  
Apt Surgeon in charge

If the seven that recovered, the  
seat of fracture in ~~the~~ <sup>one</sup> case was  
the upper third of thigh, <sup>4</sup>four in middle  
~~where~~ in lower third. The treatment  
invariably pursued was, first, Smith's  
anterior splint, but this not com-  
ing up to the expectations of the  
surgeons, it was substituted by the  
double inclined plane, which apparently  
answered a much better purpose.

Richmond, June 11th

Colonel  
In consequence of the resignation of  
Major Genl. W. H. Smith, of this Department, &  
as Medical Director and also in consequence  
of my protracted absence from Richmond, on an  
extended furlough for sickness, the enclosed paper  
has just reached me. Although I can no longer  
(with propriety) act in the official capacity mentioned  
in the endorsement made by the Command of  
Society of War. I am unwilling that a paper so  
important in its objects and so creditable to the  
officer originating it, should, on account of the  
circumstances mentioned, be indefinitely retained;  
it is therefore unofficially and informally returned  
with such changes made, as will, in my judgment,  
most effectually secure the highly beneficial  
objects intended. Trusting that, it may yet be  
possible to effect the important reformation so  
necessary in the Department governing the subjects  
of the enclosed orders. I am, Colonel

I. Surgeons of General Hospitals will send to this Office, daily, and at as early an hour as practicable, a copy of the Morning Report of the Hospitals under their charge, with a copy of the Hospital Register for the previous day.

II. A Physician's Returns must be approved by Major S. B. French, Chief Commissary of this Department, such Returns being presented on the 1st, 10th, and 20th of each month. Special Requisitions for Hospital supplies will only be made, when the condition of the Steward's Department renders such a course absolutely necessary; such Requisitions must have therein stated the reason for their presentation and must be approved, as herein stated.

III. A Certificates of Disability for Discharge, and all applications for furlough, will be sent to this Office. Furloughs will be issued by the Adjutant General of this Department, and orders will be returned with such papers, when when presented at the Transport Office will entitle the Soldier to transportation. A Certificates, all applications and all official papers whatsoever, to receive attention must be sent, if possible with the Morning Reports, by an Officer of the Hospital; and not in any instance by the applicant in person.

IV. *As soon as can be furnished and advisable, applications for furlough will be given by the Surgeon of the Hospital, be transferred to General Hospitals elsewhere. To secure admission into the Hospital designated and to make proper changes when admission would be impracticable, all applications for transfer will be sent to this Office, orders for transfer and transportation will be returned.*

V. Soldiers discharged for duty will be sent with a list giving name, rank, Company and Regiment, to Hospital No. 15, corner Cary and 21st Streets; receipts for them will there be given by the proper Officer. Convalescents requiring either transfer or furlough will be disposed of accordingly; convalescents requiring neither transfer nor furlough will be sent to Camp Winder, when on the presentation of the list stated, receipts for them will be given.

VI. In connection with Special Order No. 23, from Secretary of War, Surgeons in charge of General Hospitals, will make out and sign the "Soldier's Discharge," and forward the same with the Certificate of Disability for Discharge, to this Office. The "Soldier's Discharge" will be approved by the Major General Commanding this Department, and returned to Hospital for delivery to the Soldier.

VII. Books for Pay Rolls, Descriptive Lists, and Discharges will be furnished from this Office.

VIII. All transfers from General Hospitals will be made through this Office.

IX. When Convalescents are well enough to exercise in the open air, they will be sent to the Winder Hospital, otherwise they will, according to instructions to the Guard, be liable to arrest.

X. No sick Soldier will be registered at General Hospitals for treatment elsewhere, unless attended by some Medical Officer of the Hospital, or unless his attending Physician vouches, in writing, for his reappearance at the Hospital when fit for duty.

GENERAL ORDERS,

No. 1.

I. *Surgeons of General Hospitals* will send to this Office, daily, and at an early hour as practicable, a copy of the Morning Report of the Hospitals under their charge, and a copy of the Hospital Register for the previous day.

II. All *Physician Returns* must be approved by Major S. B. French, Chief Commissary of this Department, such Returns being presented on the 1st, 10th, and 20th of each month. Special Requisitions for Hospital supplies will only be made, when the attention of the Steward's Department renders such absolutely necessary; such Requisitions must have therein stated the reason for their presentation and must be approved, as herein stated.

III. All certificates of *Disability for Discharge* and all applications for *furlough* will be sent to this Office. Furloughs will be issued by the Adjutant General of this Department, and orders will be returned with such papers, when when presented at the Transport Office will entitle the Soldier to transportation. All certificates, applications and all official papers whatsoever, to be presented must be sent, if possible with the Morning Reports, by mail, and if not of the Hospital, then not in any instance by the applicant in person.

IV. To be *transferred to General and admissible*, applicants for furlough will first be *discharged from service*; he transferred to *General Hospitals* elsewhere. To secure admission into the Hospital designated and to make proper charges when admission would be impracticable, all applications for transfer will be sent to this Office; orders for transfer and transportation will be returned.

V. *Soldiers discharged for duty* will be sent with a list giving name, rank, Company and Regiment to Hospital No. 15, corner Cary and 21st Streets; receipts for them will there be given by the proper Officer. Convalescents requiring other transfer or furlough will be disposed of accordingly; convalescents requiring neither transfer nor furlough will be sent to Camp Winder, when in the presentation of the list stated, receipts for them will be given.

VI. In accordance with Special Order No. 240, from Secretary of War, Surgeons in charge of General Hospitals, will make out and sign the "Soldier's Discharge" and forward the same with the Certificate of Disability for Discharge to this Office. The "Soldier's Discharge" will be approved by the Major General Commanding this Department, and returned to Hospital for delivery to the Soldier.

VII. *Books for Pay Rolls, Descriptive Lists and Discharges* will be furnished from this Office.

VIII. All transfers from General Hospitals will be made through this Office.

IX. When *Convalescents* are well enough to exercise in the open air, they will be sent to the Winder Hospital, otherwise they will, according to instructions to the Guard, be liable to arrest.

X. *No sick Soldier* will be registered at General Hospitals for treatment elsewhere, unless attended by some Medical Officer of the Hospital, or unless his attending Physician vouches, in writing, for his reappearance at the Hospital when fit for duty.

To carry into effect the provisions of "an act to better provide for the sick and wounded of the army in hospitals," approved September 27, 1862, the following instructions are published:

1. The commuted value of rations for the sick and wounded in hospitals, will be one dollar. Rations for hospital attendants will be commuted at the rates heretofore fixed by Regulations.

2. Commissioners of Subsistence will transfer, for the purchase of necessary supplies for the sick and wounded, to the medical officer in charge of a hospital (taking duplicate receipts therefor,) such portion of the hospital fund as may be demanded on requisition.

3. Accounts current of the portion of the hospital fund thus transferred, will be rendered weekly to the Surgeon General, by the medical officer in charge of a hospital, accompanied by vouchers (numbered) for the expenditures. The fractional part of the week corresponding with the termination of a month, will be included in the fourth or last account current of the month. The following form will be adopted:

5. When a hospital fund shall exceed five thousand dollars, the Commissioner of Subsistence having the fund in hand, will deposit such excess in the Treasury of the Confederate States, or other place of deposit where government moneys are kept, to be liable to draft as other public moneys are. Commissioners will account for hospital funds on their Monthly Abstracts and Summary Statements.

6. The Quartermaster will have arrangements made with the various railroad companies and lines of boats, for the speediest practicable transportation of supplies for the hospitals, and general transportation tickets will be furnished to accredited agents engaged in the actual purchase of these supplies, upon the request of the medical officer in charge of a hospital.

7. Medical officers in charge of general hospitals will make regulations on the Medical Purveyors for hospital suits (shirts, pantaloons and drawers), for the use of the sick and wounded while in hospital, not to exceed in number the number of beds, which clothing shall be borne on the returns, and be accounted for as hospital property.

8. There will be allowed to each general hospital, with rations and suitable places of lodging, two Chief Matrons, at a salary not to exceed forty dollars per month each, whose general duties shall be to exercise a superintendence over the entire domestic economy of the hospital, to take charge of such delicacies as may be provided for the sick, to apportion them out as required, to see that the food or diet is properly prepared, and all such other duties as may be necessary: two Assistant Matrons, at a salary not to exceed thirty-five dollars per month each, whose general duties shall be to superintend the laundry, to take charge of the clothing of the sick, and the bedding of the hospital; to see that they are kept clean and neat; and perform such other duties as may be necessary: two Ward Masters for each ward (estimating 100 patients for each ward), at a salary not to exceed thirty dollars per month each, whose general duties it shall be to prepare the beds and bedding of their respective wards, to see that they are kept clean and in order, that the food or diet for the sick be carefully prepared and furnished to them, the medicine administered, and that all patients requiring attention are attended to; and all such other duties as may be necessary: one Ward Master for each ward (estimating 100 patients for each ward), at a salary not to exceed twenty-five dollars per month each, and such other nurses and cooks, male or female (giving preference to females when their services may best subserve the purpose), at a salary not to exceed twenty-five dollars per month each, as may be necessary for the proper care of the sick. These attendants to be paid monthly, on hospital muster rolls, by the Quartermaster's Department, and to be removed, when expedient, by the medical officer in charge. Other attendants not herein provided for, necessary to the service, shall be allowed, as now provided by law.

9. If a sufficient number of nurses and ward masters, not liable to military service, cannot be employed, and it shall become necessary to assign to this duty soldiers in the service, then, upon the requisition of the medical officer in charge of a hospital, the soldiers so assigned, who are skilful and competent, shall be permanently detailed to this duty, and shall only be removable for neglect or inattention, by the medical officer in charge.

10. Hospitals will be known and numbered as hospitals of a particular State. The sick and wounded when not injurious to themselves, or greatly inconvenient to the service, will be sent to the hospitals representing their respective States, and to private or State hospitals representing the same.

11. The Quartermaster General will have arrangements made with the railroad companies to reserve seats in one or more cars, which may be necessary, for the use of the sick and wounded soldiers and their attendants, to be transported, and until they are sent, to prevent other persons from entering those reserved cars, and also to require conductors of the trains to provide, for the use of the sick and wounded in the reserved cars, a sufficient quantity of pure water.

12. Medical officers in charge of hospitals, will detail an attendant to accompany the sick and wounded, furloughed, discharged, or transferred, to railroad depots, to see that they are cared for and provided with seats in the reserved cars.

By order,

S. COOPER,  
Adjutant and Inspector General.

I. All soldiers registered for treatment, in Private quarters, who are not provided with an official pass from the Assistant Adjutant General of this Department, will be immediately reported to the Colonels of their respective Regiments, as being absent without leave, and such soldiers will no longer be returned on the morning Reports to this office.

It is respectfully requested that the Surgeons in charge of General Hospitals earnestly co-operate in the prompt suppression of the great abuses now attending the privileges of registration.

II. Applications for furlough will hereafter only be made, when the changes contemplated are absolutely necessary for the convalescences of the Patient, and this fact will be stated in each application.

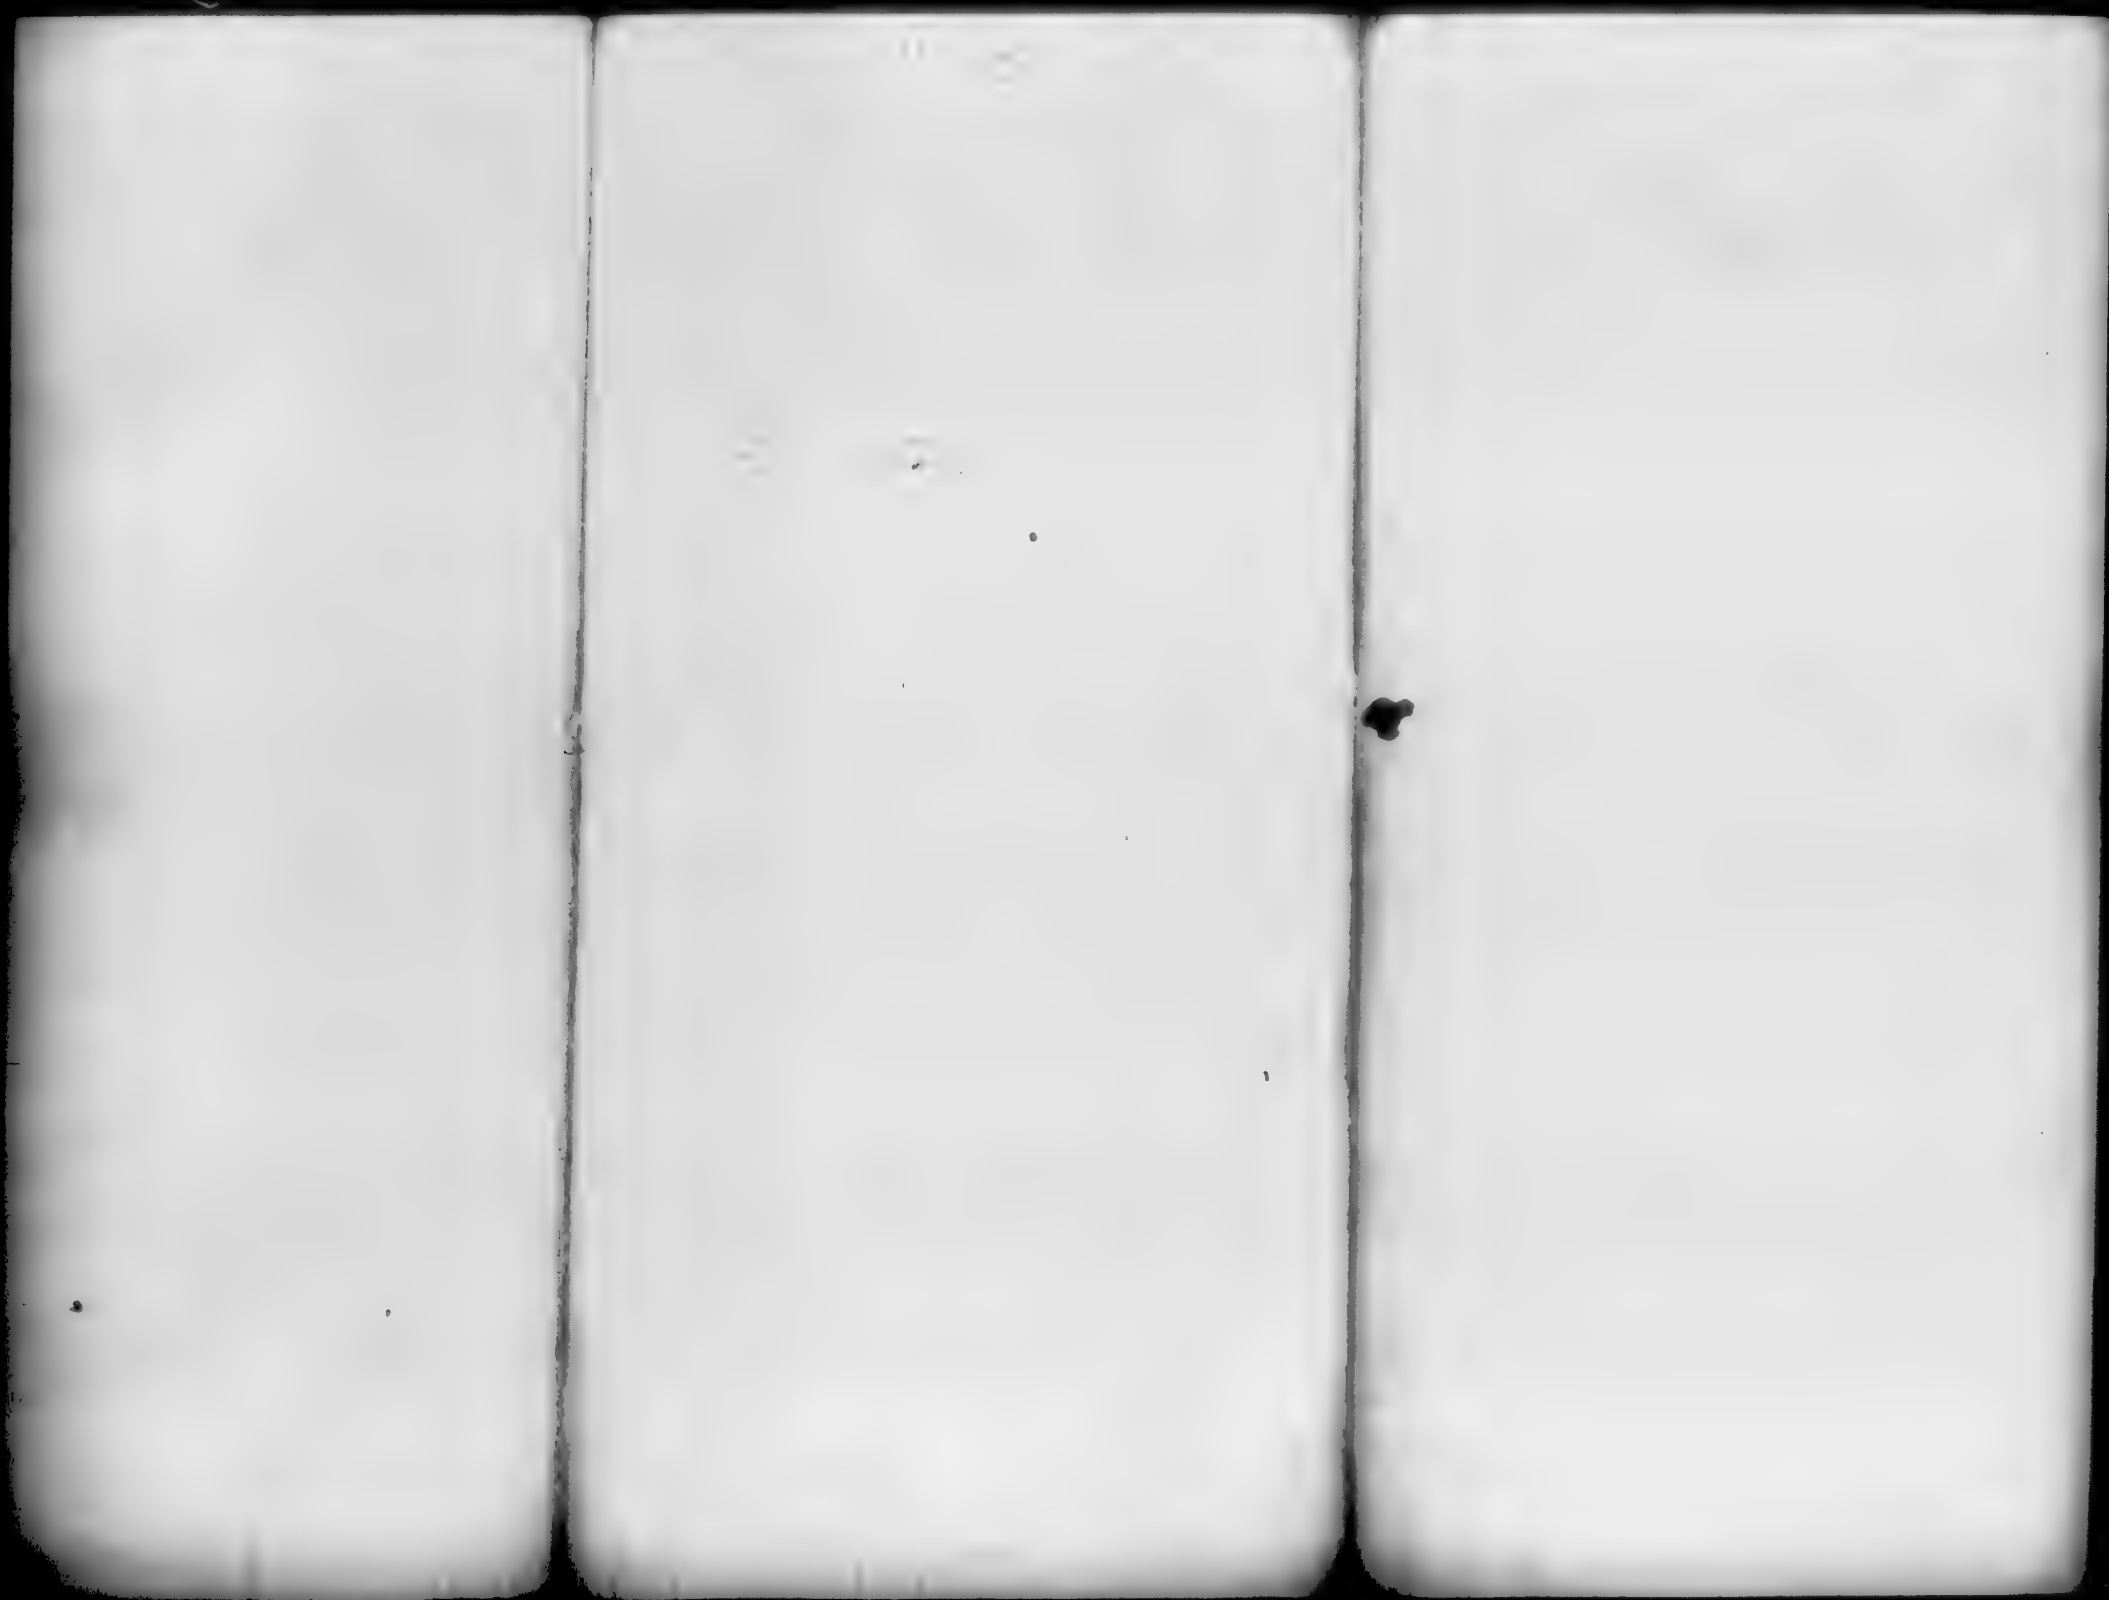

III. No officers will hereafter be received for treatment into any of the General Hospitals in Richmond.

MEDICAL DIRECTOR'S OFFICE, 213 MAIN ST

RICHMOND, VA., Nov. 26th, 1862

When the sick of this Department are sent, from the Field, to General Hospitals, the Surgeon of each command will furnish a Descriptive List, giving the Regiment and Company, with the rank and disease, of each patient — This List after being endorsed, (signifying approval) in order, by the Regimental Surgeon and the Colonel commanding, the Senior Surgeon of Brigade and the Brigadier General commanding, will be sent with the sick to the Hospital.

Under stringent orders issued, only those are to be recognized as Medical Officers, who have been properly appointed, or who are under official contract.

Surgeons in charge of General Hospitals will furnish to the Regimental Surgeons a receipt for all patients thus delivered, stating any discrepancy in the numbers sent and those received.

When no Descriptive List is sent (thereby causing great difficulty in the accurate reception of the sick, and exposing patients already in Hospitals to the dangers of infectious diseases,) Surgeons in charge of General Hospitals will make a Report, in writing, of the fact to this Office, and this Report will receive the disposition the Surgeon General has directed.

Senior Surgeons of Brigade will inspect, weekly, the records of the Regiments under their supervision, also, the general condition of the Camps, and make a written, weekly report, to this Office.

It is earnestly recommended that the Medical Officers of each Brigade be invited, by its Senior Surgeon, to meet weekly, for discussion and inspection; such meetings to take place in rotation at the Camps of the various Regiments of the Brigade. The advantage of such meetings to the service and to the Medical Officers, is manifest.

A copy of this paper and of all papers sent, will be furnished by the Senior Surgeon of Brigade to each Medical Officer in charge of a Regiment.

My dear Sir,

18th Nov 1861

My dear Sir,

I have just received from you a letter of the 11th inst. in relation to the purchase of a new set of books for the highest character and of good binding. I have at once selected the one which I consider best and have ordered it. I am sure it is a most appropriate and useful volume and has been Brothers in the military service. I must say it is a very good book for its position and can safely be said to give entire satisfaction to the Department.

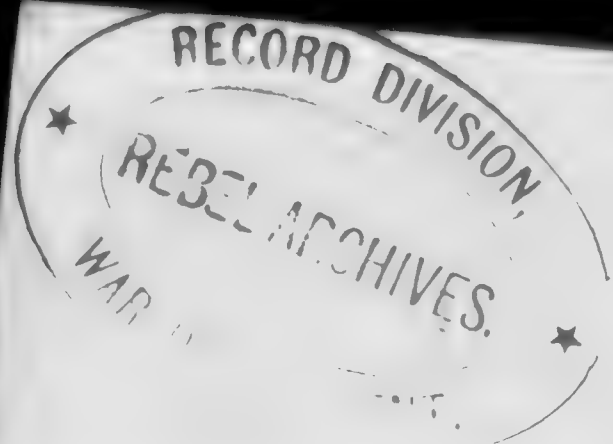

Yours very truly,

I am glad to  
hear of this place and having at least the  
suspicion of a course of high seas work is  
sufficient to excite me to your serviceable  
endeavour. The appointment herewith enclosed  
of Mr Richard H. Cairnes as Vice Master  
in the appointment of Quarter Master  
in the 12<sup>th</sup> Regiment of North Carolina  
Volunteers, now under Lt Col. Harris  
Commanding.

As Mr. Cairnes has been  
personal and intimate known to me  
from 1<sup>st</sup> York to the present time I trust  
it may not be regarded as unduly a pre-  
sumption in me to speak of his  
merits and military qualifications -  
In the first place he has educated at  
the Citadel (Academy) of this State, where he  
occupied an honorable stand in his class.  
He is now in the full vigor of life and  
manhood, and possesses peculiar fitness,  
physically and mentally, to fill the post

as before. I must, in  
addition to the organization be be-  
lieve in action. I have since the  
conference, and since the war, has  
not been at the same time as a year  
ago, and is at this time a realized  
renewal in the war. There are six  
brothers there and many one of them  
in volunteers in the war, and now and then

Very respectfully,  
Yours truly, J. H. H. H.

As I am no doubt unknown to you,  
I beg leave to refer you to John W. Vance,

In consequence of the resignation  
and promotion of 1<sup>st</sup> Lieut Thomas J. Porter Adjutant  
of the 42<sup>nd</sup> Regt Ala Vols on the 9<sup>th</sup> day of March 1863;  
I have the honor to nominate to 2<sup>nd</sup> Lieut Thomas Gaillard  
of Co. (A) 42<sup>nd</sup> Regt Ala Vols to fill the vacancy caused  
thereby—

Second Lieutenant Thomas Gaillard was  
born in the County of Monroe, State of Alabama  
in the year 1842. — In March 1860 he was enlisted as a  
private in Capt George W. Foster's Company (C) 2<sup>nd</sup>  
Regt Ala Vols to serve for one year unless sooner  
discharged. — In this capacity he served until the  
14<sup>th</sup> of March 1862 at which time he reenlisted and joined  
the 42<sup>nd</sup> Regt Ala Vols. — On June 14<sup>th</sup> 1862 he was  
appointed Sergeant Major of his Regiment and on the  
25<sup>th</sup> day of October 1862 he was elected to 2<sup>nd</sup> Lieutenant  
of Co. (A) 42<sup>nd</sup> Regt Ala Vols. From that date up to  
the present time he has been acting Adjutant of this

29<sup>th</sup> January 1854

Hon. E. B. Lyon  
Care of the War Department

Sir,

In compliance with  
your request, I have the honor herewith to enclose to  
you the papers of the Claim of Genl Thomas Gilliam  
Adit 42<sup>d</sup> Alabama Regiment for value of his share  
which said Genl would have received during the Siege of  
Vicksburg, amounting to 400 Dollars.

Upon examination of this case it is found that there is  
no evidence to show that the amount claimed was the  
appraised value of the share at date of capture, and  
the only evidence of the killing of the share is that  
of Genl Gilliam himself who makes a claim to the  
fact.

It is necessary in order to substantiate this claim  
that the Certificate of two Commissioned Officers, stating  
the appraised value of the share at date of capture, and  
how it should be reduced, &c., in case the share was  
not appraised & the Certificate stating how it was  
(said Officer) then said share at the date of capture  
into service, and appraised his value at that time at so  
much money.

The killing of the share should also be certified to  
by two Commissioned Officers.

I am very respectfully,  
Yours Obedient Servant

I herewith enclose to you  
an affidavit which I have procured in order to  
recover the value of my horse that was killed at  
the siege of Vicksburg - I made application at  
the time to recover said value but Gen. Morne  
advised me to wait for a more convenient time  
and also that it would be necessary to procure  
an affidavit. I respectfully ask for an order on  
the A. A. G. for the amount specified.

General, United States Army  
Washington, D.C.

Dear Sir:

Richmond, Va.

On the 20<sup>th</sup> of October, 1861,

Capt. V<sup>o</sup> M. Gordon received his commission  
as Capt. 2<sup>nd</sup> from the President, and  
was assigned to me for duty. Since  
that period he has been acting as  
Brigade L<sup>th</sup>, and has discharged his  
duties, many old and arduous, in the  
most satisfactory and able manner,  
and at the request of the Depart-  
ment of which you are the head we  
are not of justice for faithful service,  
that you promote him to the proper  
rank of Brigade Quartermaster-  
Major. By so doing you will oblige  
your old servant

Very truly  
Yours

Dear Capt

I find upon reading  
the Genl Order # No 26 from Lt Gen Smiths  
Hd Qrs that all employees of the 2nd Dept  
liable to Conscription are to be immediately  
Enrolled & sent to the Camps of Instruction.

I write this begging that you will give  
me your opinion and construction of the order.

Some weeks ago I applied for a man to be  
detailed as Clerk in my department which was  
refused & now if the few I have are to be  
taken from me I shall be prepared  
for resignation.

I hope you will do me  
the favour to answer this at your earliest  
convenience

I thank you, oblige  
Very truly, yours

Houston Texas July 29<sup>th</sup> 61  
Maj Gen S Banks Maguere

Dear Sir

I arrived in Texas the  
last evening having been ordered here on business  
connected with the 2<sup>d</sup> Department at San Antonio and  
before returning thought I would endeavor to inform  
you of your former views in regard to my taking  
charge of the 2<sup>d</sup> Department at San Antonio. I was  
then thinking

one man stated that some of the  
men that were in charge of the soldiers were quite  
to be seen at the place of Maj Henry Benbow who  
was waiting for an order to be given by the  
to take some of my soldiers home, to which  
I could not assent as the soldiers & people of the  
in my possession & heard that Maj Henry  
Benbow was coming to Texas. I am  
certain that the course of action I should take  
should be as you have stated that I would take  
my position at San Antonio at San Antonio  
in the line of Maj S. I am sure it best  
to proceed to Houston and see you in person.

Upon my arrival I heard from you  
my deep sincere regret that you were disappointed  
with my former ideas expressed in the past but  
I am very anxious to please, if you will allow me  
an opinion of my former views you are mistaken  
I cannot but think that you have been

statement of my conduct, you are entitled to  
know and a change of place in my office  
and pride to serve my country in my office  
consequently a whatever position I can obtain  
please me, and especially an opinion to let  
that you are not offended with me, or that  
others may have thought.

For the first time of the  
year, I have to the present moment, I have to  
write your conduct and my duty as I  
must not fail to do and your interest  
in your satisfaction as far as my little  
capabilities allow. I must be so to know  
now as to bear with me while I make a few  
statements as regards to the occasion of your  
displeasure.

After the Battle of the  
Alamo, in a private conversation, he casually  
remarked that it was his order to the Commandant  
of the Mexican, at San Antonio, Texas, to  
the cause of the conversation, I stated that I  
would like to accompany him in the pursuit  
of a slave master as that a reward, in the  
that my friend Maj. Le Poudre, for not doing  
the opposite, as a company that he  
did not wish to interfere in all relating to  
him or the people. Thinking that I could see  
my country as especially true as I can then  
a company, something as an act of courage  
in that regard, without, adopted his suggestion  
as more companion, I have promised to do it.

Major Farkhill

Dear Sir,

About ten days ago I received  
an order of repair for one stove  
repaired by Mr Snider (and  
suppose you remember that  
I told you at the same time  
I would call for the order for  
the other remaining one when  
it was finished. As my re-  
quisition called for repairs  
to two, please now do me  
the kindness to send me  
the remaining order. I am  
very much obliged.

Very Respectfully Yours

Westbury  
April 14/64

My dear friend  
I have just received  
your letter of the 10th inst.  
and am glad to hear  
that you are well.  
I am well at present  
and hope these few lines  
will find you the same.  
I have not much news  
to write at present.  
I am, dear friend,  
very truly yours,  
Wm. Westbury

Maj. -

I have this day recd. your notification of my failure to render a return to your Office of money accountability for Bounty funds in sum, thousands, & the only outlet rendered I would be reported to.

I was sent on Reenlisting Service in Feby. '62 & funds were furnished to me by Col. Deas, to whom I made a return in March or April following, accompanied with proper receipts &c.

My disbursements amounted to more than the Bounty money furnished.

Hoping this statement may be satisfactory.

I have the honor to  
reply to a leave of absence  
of (30) twenty days.

Genl. Baker's Brigade has  
not yet been formed, & is not  
therefore on duty. - In the  
late campaign I lost in the  
number, and if allowed this  
indulgence will be able to re-  
port mounted, at the end of  
the term specified; whereas  
if I remain here I will  
be forced to return in a  
less condition in which condition  
I would be of little use.

By Genl. Lee's permission I  
must go to the rear to attend  
Genl. Baker, who is wounded,  
& as my service can now  
be dispensed with I am

be allowed the  
leave of absence

Adt Dr Dawson's Regt  
Feb 12<sup>th</sup> 1864

Major W. C. Egan.

I respectfully ask leave  
of absence for thirty days on Surgeon's Cer-  
tificate.

I have the honor to be Sir  
Very Respectfully  
John H. Gairnes  
Surgeon Dawson's Regt.

Surgeon John H. Gairnes of Dawson's Regt Lippman's Brigade  
having applied for a certificate on which to ground  
an application for leave of absence. I do hereby  
Certify. That I have carefully examined this Officer  
and find that he is suffering from Hepatitis  
Chronica. And that in consequence thereof  
he is in my opinion unfit for duty. I further  
declare my belief that he will <sup>not</sup> be able to  
perform his duties in less period than thirty  
days.

Sir

I have the honor  
herewith to tender to the Commanding General  
Dept Trans Miss my resignation as Asst Postmaster  
PA 68 to accept the position of Special Agent  
Post Office Department.

Having been engaged extensively in  
the transportation of the Mails in the Dept Trans Miss  
both before and since the commencement of the  
War, I believe my services can be made more  
useful in this capacity than in my present  
position, and I am sure it will be more conducive  
to my health that is known to be bad.

I therefore most respectfully ask that my  
Resignation be accepted for the purpose of accepting  
this Agency and that it be expressed the  
that I shall be exempted from military duty.

I am very respectfully

Dear Gen

The death of

J E Talbot General Mail Agt of  
the Trans M<sup>t</sup> Dept requires an  
efficient successor as our  
mail service is in a shamefully  
disordered condition.

I learn that Dr Star would  
probably select R M Gaines  
or who has been long familiar  
with the service, & has special qualification  
for this service. I recommend  
him for Talbot's place & beg  
to hope, if he be selected, that  
you will accept Gaines re-  
signation as A G M

AGENCY POST RECORD OFFICE DEPARTMENT, TRANS-MISSISSIPPI,  
RECEIVED

Marshall, Texas, July 26<sup>th</sup>, 1864

General,

On the recommendation of citizens of the State of Arkansas, including the Governor and many other officers of the State Government, I have tendered to Capt. Richard M. Gaines, Jr., of that State the appointment of Special Agent of the Postoffice Department, to supply a vacancy occasioned by the death of J. E. Talbot, Esq., late Agent.

Capt. Gaines informs me that he is in the military service, and that his acceptance will depend upon his being relieved from his present position.

As the duties of a Special Agent are very arduous, requiring an active energetic man, of good business qualifications, I can hardly expect to find such a one who is exempt from military duty: and as my success in restoring and continuing successfully the postal service in the State of Arkansas and northern Louisiana will depend much upon the efficiency of the person whom I may appoint, I hope you will accept his resignation in the Army, in order that he may accept the appointment tendered him.

I have the honor to be, very respectfully,  
Your Obedt Servt,

Chas. F. Williams

portion attached to Recent inspections of Field Trans-  
Command station on Coast So. Carolina develop the  
fact that there is a want of system in the collection  
& distribution of forage wh. is resulting in detriment  
to the service. The supply received Army is dependent upon  
the supplies brought in from day to day wh. is irregu-  
lar & totally inadequate to its wants. (The learned  
from the Officers in Charge as well as from other reliable  
sources of information, that the Dept of Forage available  
in the Country was ample for all purposes)  
In the city of Charleston, the Chief Depot of supplies for  
the large number of public animals within its bounds,  
so far from accumulating a supply, the Dept of M  
is unable to meet the daily demands upon him.  
The Dept of Forage issued consequently does not receive  
two thirds of that allowed by regulation and the pub-  
lic animals particularly the Artillery horses are in  
condition. To improve the administration of this Dept  
I would respectfully recommend that an Officer be assigned  
to the special duty of collecting and distributing For-  
age in the State of S. C., who shall cooperate with  
similar Officers, who are purchasing & transporting  
Forage in the State for the Army in Va. This Officer  
should be the Chief Forage Master for Genl Beauregard's  
Command, and should establish Depots in each Military  
Dist in the Department in wh. forage should be accumu-  
lated from wh. it should be regularly distributed. If  
Course it is not proposed to interfere with the usual

system of each Brigade or Division Quartermaster collecting the supplies in the vicinity of his command with such trains as he may have at his command - but to establish other sources of supply upon which the Army can rely in case of emergency or when the ordinary means fail.

The importance of this <sup>effort</sup> in harmony with Forage and purchasing for  $\$2$  &  $\$3$  per lb. will be apparent when it is recalled that the large amt of Corn purchased in S.W. Ga for the armies of  $\$2$  &  $\$3$  per lb. must come down to Milledgeville in seventy miles of South & thence via Augusta to Brunswick in sixty miles of Charleston - thus condemning the transportation of these roads which are relied upon mainly to sustain these cities & their garrisons - The heavy & imperative demands made upon the Ga & So. Car R.R.s by the Army in S.W. has placed it out of their power to ~~supply~~ <sup>supply</sup> promptly the wants of the troops at home.

As there seemed to be no means of increasing the capacity of the R.R.s my attention was called to the importance of opening new sources of supply - This seems to be presented in the Santa Canal - a work some forty miles in length & connecting the Cooper and Santa Rivers - The completion of the R.R. system of the state some time ago rendered this <sup>in</sup> valuable feeder to the City of Charleston of so little importance that for some years it has been abandoned. But with some assistance from the Gov. the stockholders might soon put it in working order thereby affording a cheap & safe outlet for the farming products of the Canal & its branches which are now locked up by the blockade & want of R.R. transport. All information desired on this subject can be obtained from Capt R. P. Smith Adj. Gen. Charleston S.C. and I deem the subject of sufficient importance to justify an investigation by the Department.

Respectfully submitted

Sir.

You are hereby authorized and  
directed to collect all Ordnance and  
Ordnance stores within your District, so  
far as these collections may not conflict  
with your general duties as Agent of  
this Department.

Enclosed find Schedule of prices paid  
Agents for collecting Arms, and also  
Schedule of prices paid for Arms to

to those having them in possession - When  
Arms are taken from citizens and others,  
you will give receipts therefor, which will  
authorize those holding them, to receive  
their Compensation from Lieut. Col. Brown  
of the Richmond Arsenal. Arms collected  
by you, will be turned over to the nearest

I respectfully  
report that two or three horses have broken  
out with Glanders since you left, and ask  
that you give me an order to send all such  
to the infirmary, or inform me what had  
better be done with them. As I had pronounced  
the disease glanders and I have come to the  
same conclusion myself. One that is now  
sick should, in my opinion, be killed  
in the head. I shall do everything in my  
power to prevent as far as possible the  
spread of the disease. I have the stock  
carefully examined every morning and  
upon the slightest suspicion have them  
quarantined. My agent who covered the  
condemned stock to the infirmary, states  
that there are a number of horses there  
now fit for service, would it not be well  
for me to exchange my unsound stock  
for them.

Please send me an order to exchange  
the same in full for a good work horse.  
I think I can do so advantageously also  
an order to send the colt to the infirmary  
where it can be pastured. I shall use my  
best endeavor to prevent a recurrence of  
my stock. Some of them in the night I have  
seen run. Respectfully

I enclose herewith a special requisition for forty mules to be used for transportation at this Post. The requisition is endorsed and approved by Maj. W. T. Smith, Col. R. E. Withers, and Comd'g Post. These teams are absolutely requisite and necessary to supply the transportation required here. The horses I have had here, and which you have ~~been~~ inspected, have very many of them died from disease, and many that are now living are unfit for the service required. The transportation I have now, is not sufficient to meet the many and various demands upon me.

Dear

I inspected last week  
a lot of horses & mules in charge last year  
and am wh. had been purchased by the  
Edmundson in N. H. & forwarded to him. As  
Capt R. R. Burke. Am at least one fourth  
of these animals were unfit for service  
being either too young or too old besides in  
very in bad order. I would respectfully  
suggest that no horses under four years  
and ten yrs old be purchased for Gov. in  
force, a number of these years old calls being  
old & in some cases sent forward in  
May, Edmundson have been left on the road  
at Charlotte & their parents & their horses  
selected from those who were here & sent  
back to the superintendent line unfit for use  
in the present state

a lot of wagons, in charge of the 1st Regt.  
Michigan D. Co. were brought from N. C. where  
they were manufactured by Mrs. Chas. M.  
The wagons were cheaply built & hardly ironed.  
The bodies were too long for field use & had  
the additional objection that the coupling of  
the wagon could not be altered without tak-  
ing them to the blacksmiths. These instructions  
The trees & the saddles were made of pine

In accordance with yr instructions of 24<sup>th</sup> Ult. I proceeded to Lynchburg, and after careful examination into the facts & circumstances connected with the fire which destroyed the Govt shops at that place, have to Report.

The Building in wh. the Govt shops were located was originally constructed for a Tobacco Warehouse but had been fitted up & used for some years previous to the war by Mr. Wm. H. Bailey as a wagon shop for repairing & constructing wagons. The location was a bad one & the fixtures ill arranged for the business, but under the pressing emergency May Paston determined to take the uninsured loss of Mr. Bailey with his machinery & make such improvements as time & opportunity would afford. The Dry House in wh. the fire originated, was situated about the center of the building contiguous to the engine & machinery. In this, <sup>at the top of the engine</sup> was a large amount of wagon stuff which had become dry & easily ignited. The fire was first observed breaking thro the side of the Dry house & then being a large amount of inflammable material contiguous to the one present in the shops but the watchman the flames had made considerable headway before the assistance of the fire co.

obtained that it was impossible to save the buildings. From the best information at hand the losses sustained by the Government are partially stated by Capt Locher in the communication herewith enclosed. Great energy has been displayed by both Maj Payton and Capt Locher in rebuilding the Shops, and I am pleased to state that they will be again in successful operation in a few days. In the reconstruction of these Shops the obstacles and difficulties encountered in the old ones, as well as the liabilities to fire, have been avoided. In conclusion I will state that Capt Locher almost always used all ordinary precautions against fire. Approaching danger from the location an evacuation of the old Dry-house, he was at the time of the fire making arrangements to build one in an improved place, & in a position that would not endanger his shops. The great prospect of work upon him placed it out of his power to do this, unfortunately, till it was too late.

instructions of 24th ulto - I proceeded to Lynchburg  
and after a careful examination into the facts &  
circumstances connected with the fire which  
destroyed the Gov: Shops at that place, beg leave to  
Report.

The Building in which the Government Shops  
were located, was originally constructed for a To-  
bacco Warehouse; but had been fitted up, some  
years previous to the war by Mr J. M. T.  
Bailey, as a shop for manufacturing Wagons -  
The location was a bad one, & the fixtures ill man-  
aged for the business, but under a pressing emer-  
gency May Paxton determined to take the man-  
agement of Mr Bailey, with his machinery & make  
such improvements as time & opportunity would  
afford - The ~~Engine~~ <sup>Drying-house</sup> was injudiciously located,

about the center of the building, contiguous to  
the engine and other machinery, in this, and upon  
the top of the Engine was a large amount of paper  
stuff which had become seasoned and easily  
ignited - The fire was first discovered burst-  
ing from the side of the drying-house, and is  
supposed to have been communicated by  
a spark from the flue below, igniting the in-  
flammable materials above - This occurred about  
six o'clock in the evening, after the hands had  
been discharged from their work, and when  
no one was present but the watchman -

The flames made such rapid progress  
in a short space of the Fire Company could be

Enclosed please find a blank form of Report.  
You will please have it filled out, and forwarded to this office  
from earliest convenience.

You be very careful and give fully the circumstances of the loss  
of the horse, whether killed in action, captured by the enemy, or abandoned  
in the field, or otherwise. Give the name of the wounded horse and  
the person or persons who were with him when he was lost. If he was  
picked up, or found, give the name of the person from whom  
he was obtained. It is very important that all the facts be fully given. That a proper  
decision may be given in each case, and also because your application  
is the first that has been made to obtain wounded horses.  
A decision on your application will no doubt be made a precedent  
for deciding similar applications from other regiments.

Instructions for Mr

Captured Property

Agent for collecting

All horses, mules, wagons, harness and saddles in the hands of officers, soldiers or citizens not authorized to retain them, branded "C.S. or U.S." Captured from or abandoned by the enemy. You will take charge of and turn in at once to the nearest post Quartermaster, except in the case of property captured from or abandoned by the enemy when in the hands of persons who have been despoiled by the enemy, in such cases you will take a bond for the assessed value of the property obligating the party to turn in said property at a given time, provided it is not perfectly clear, the party can establish his claim, under General orders No 61 & 67. In all cases throw the burden of proof up to the parties claiming the property.

Under no circumstances release property branded "C.S." unless it is clearly proven to have been sold at public auction by a bonded Quartermaster duly authorized by the Inspector General, or until a decision can be received from this office. When the case merits it, and the parties are disposed to deal fairly with the Government allow them time to make good their claims.

Unless the requirements of General orders No 61-1863 are complied with, allow no charges for pasturage in cases when the orders are complied with, schedule prices for pasturage can be allowed. - In all cases where any doubt exist as to the justness of the claim the account can be made up and submitted to this office.

for approval, when the property left by Confederate  
officers, or soldiers clearly belongs to the Government, - the  
unbranded you will take charge of it regardless of  
any claim, when the property is unbranded and  
left by the enemy in the hands of citizens, then it is  
to be treated as required by General Orders No 61-1863.  
Property found in condition unfit to be removed  
should be concentrated at convenient points, &  
the amount & condition reported to this office for inspec-  
tion, except in cases where manifest injury  
would result from delay.

When parties have run off property and solicit if  
a citizen have him arrested by warrant and turned  
over to civil authorities, if a soldier report him to the  
nearest enrolling officer to be sent here with all the  
facts and papers relative to the case.

Citizens are not allowed to take and hold any prop-  
erty, except such as is specified in General Orders  
No 67 - and then only when left by the enemy or  
soldier's possession. Partisan Rangers have no right  
to sell property captured from or abandoned by  
the enemy except to the Government as provided in  
General Orders No 20 & 47 - 1863. Captured property  
disposed of by them to another than the Government  
shall be taken possession of and turned in.

A monthly report in accordance with the forms furnished  
will be required to be sent to this office by the 6<sup>th</sup>  
of each succeeding month.

All Quarters masters are requested to afford every  
facility to them in the discharge of  
their duties.

Maj A. H. Cole, Insp. Genl de  
Richmond Va.

Sir:

I have the honor to  
enclose you herewith my report of Public property  
taken up under Genl. Orders 67. Part II for the month  
of December 1865. The delay has been caused by the  
tardiness of some of my agents in sending in their  
returns. This however, shall not be the case in  
future. The total No. of Cases reported, embra-  
ces 1<sup>st</sup> No. turned in to I. M. S. 2<sup>d</sup> No. to  
which <sup>letters</sup> ~~letters~~, or protections were granted. 3<sup>d</sup> No.  
of Cases undecided. 4<sup>th</sup> No. of Cases - making  
total aggregate of cases taken up.

The plan which I have adopted  
for the prosecution of this business is as follows.  
Capt J. R. Bryan A. G. M. has charge of all that  
portion of the State west of a line drawn through  
Charlottesville and Lynchburg. I have special  
charge of that portion of the State east of that  
line, with general charge and supervision of  
the business throughout the Confederacy. These districts  
are subdivided into smaller ones, <sup>embracing</sup> ~~embracing~~  
one or more Counties, with agents located in  
each. These agents are required to canvass their

district thoroughly, and to report weekly to this Office the no of Cases tested. The name and Post Office of the Claimant. A description of the property. The facts and circumstances connected therewith as to how, when and where the Claimant came into possession, with his opinion of its merit. This record is made up and kept in my Office; and when finally acted on the decision in the case entered as well as the disposition made of the property.

I herewith enclose also, Copies of the following papers to wit: The One marked A is a copy of instructions forwarded to Agents. The one marked B a copy of authority to act as agent, marked C temporary protections given by Agents during the adjudication of a case, when the party in possession is worthy of trust, or has an equitable claim. Marked D. permanent protection issued from this Office when parties establish their claims under existing Genl. orders. Marked E. form of Bond which Claimants are required ~~to give~~ to give when there is reason to fear a fraudulent disposition of property, before it can be conveniently turned in by an Agent, or while the adjudication is going on. Marked F. form of Summons used when parties refuse to bring forward the property to have their claims adjudicated. Believing that, both the interest of the Gov, and the Citizen would be promoted thereby, properly

if left in the hands of Claimants, until a final decision is had, except in such cases as a law to the Gov, would evidently result therefrom. When the claim of the Gov is relinquished and protection against it agents is granted, the property is handed with the Condemned brand of the C. S. And in all cases whether protection is granted, or the property is turned in to the Gov, a written statement of the material facts in each case, sworn to before a justice or N. Public is filed in this Office as a voucher. A <sup>similar</sup> record of every Case in the Confederacy can be obtained if it is thought desirable and the necessary assistance is granted. I have found it very difficult to procure suitable agents for this business, being restricted to right duty men and though great care has been taken in making selections one half of those now employed are almost worthless.

When Capt Bryan was originally assigned as my Assistant it was my purpose to assign him to the A. N. Va, there being a large amount of captured property in the hands of both the Officers and men of that Army, particularly in the Cavalry. An experiment proved ~~proved~~ that without some additional legislation on the subject, if present Genl. Orders were enforced serious injustice would be done many of our

gallant soldiers and the efficiency of the Cavalry  
Cripple do. The additional legislation which I  
think necessary you have in my letter to Genl  
Wickham. Should Congress re-organize our Cavalry  
upon the basis proposed by you, it will still be  
necessary to adjudicate the claims of Officers  
and Soldiers having in possession property cap-  
tured from & abandoned by the enemy, as is almost  
every case an effort will be made either to  
establish their claims under present Orders, or  
to evade them. Hence I would recommend that  
Capt Morgan who is entirely familiar with present  
Orders and the decisions on them be assigned  
to the duty of inspecting Cavalry horses. But  
should the Cavalry be maintained on its present  
footing, or on that proposed by Genl Wickham,  
which would be much worse, the additional  
legislation proposed by the Officer in Charge  
would be absolutely necessary.

In accordance with instructions  
furnished by you from the Insp Genl I have made  
a critical inspection of stables, shops &c under  
May R. P. Archer. Saw & investigated thoroughly  
the Genl management, discipline, treatment of  
Animals &c both a special enquiry into the  
difficulty of feeding the public Animals at that  
post. They leave to report -

The establishment at Bacongsbranch being design-  
ed as a depot for receiving, issuing, recruiting  
improving transportation, it has not been con-  
templated that May Archer would purchase or  
collect his own forage. Arrangements were  
made with other officers, who were specially charged  
with that business wh. were considered ample  
to meet all of his wants. The supply from these  
sources having failed & May Archer being  
restricted to Government prices while other officers  
are allowed to pay "local appraisement," his  
forage became exhausted before other & successful  
arrangements could be made. As May Archer's  
Establishment is of great importance to the  
Army I recommend that he have authority.

granted him to purchase supplies for the large  
number of operations & animals with much  
necessity he kept on hand at market price, in  
the event of his inability to draw them through  
the regular channels.

of 44<sup>lb</sup> per animal per day of forage per day  
animals. This is nearly double the

of forage, etc. has been added to animals in the  
field of Great Britain & Ireland. While it is  
not considered sufficient to maintain animals  
who are reduced in flesh & worn down, yet with  
the advantage of good stables, good grooming  
& other facilities afforded at the farm, there is no  
reason that public animals should suffer.  
It appears from May & Dickes Books that during  
the last six months, (as before stated the average  
number of animals on hand has been 250)  
The average number <sup>of animals</sup> per month 682. of  
these, the average number <sup>of animals</sup> <sup>per month</sup> has been 580 - Sold per month 25 - died <sup>per month</sup> 77 - which added to the average  
number on hand (250) makes (735) seven hundred  
and thirty two animals handled per month.  
The number reported as being killed in month is com-  
pared to the following aggregate - 77 horses & 37 mares  
killed on a certain number, and 213 horses & 136 mares  
killed on a certain number. The number of horses killed when it is re-  
collected that during the past six months that there  
have been 1000 horses & 1000 mares, a large portion of the  
above & it is reasonable to think in at this point  
that the number killed embraces not only those  
killed in the stables & paddocks but while in  
the field & in the woods at pasture in these figures are included  
the 600 horses & 600 mares, it appears more  
reasonable. The most effective means of preventing  
the loss of horses is to have them turned in before they have

In accordance with instructions forwarded by you from the Insp, Genl I have made a critical inspection of stables, shops &c under Maj R. P. Archer L. M and investigated thoroughly the general management, discipline, treatment of animals &c with a special inquiry into the difficulty of feeding the public animals at that post and beg leave to report. &c

The establishment at Bacon given as a branch being designed as a depot for receiving, issuing, recruiting and repairing transportation, it has not been contemplated that Maj Archer would purchase and collect his own forage. Arrangements were made with other officers, who were specially charged with that business which were considered ample to meet all of his wants. The supply from these sources having failed and Maj Archer being restricted to Government prices, while other Officers are allowed to pay "local appraisement", his forage became exhausted before other and successful arrangements could be made. As Maj Archer

the Dept. I would recommend that he have  
authorily granted him to purchase sufficient  
for the large number of operatives and  
animals which must necessarily be kept  
on hand at market price, in the event of  
his inability to draw them through the regular  
channels. Your attention is asked to the  
following report of the Ammt of Forage

being one hundred and fifty the Ammt one  
consumed by each is over two pounds and a half  
per day, or more than double the Army ration.  
160846 Corn, oats, mill offal fed to  
public and 68083 Long forage to privs  
& other horses

14554 lbs corn, oats and mill offal  
 68083 " Long forage  
208637 Total Ammt fed to public and  
 private horses in the month of Nov. & Dec.  
 leaving a balance on hand Jan 1st 42000  
 Corn & 5000 lbs mill offal.

The average number of animals on hand during which time being estimated at (250) which I think excessive, each animal must have received an average of 16 lbs of forage per day. This ration is fifty per cent larger than that allowed the animals attached to Genl. Ennis' command, which allowance has not been regularly supplied. While it may not be sufficient to recruit animals which are worn down and reduced in flesh yet with the advantage of good stables, good grooming and other facilities afforded at Bacon's branch, it would seem that the public animals at that post should not decline or suffer for forage.

It appears from Maj Archer's Books that during the last six months the average number of animals serviceable and unserviceable received and turned in has been 680 per month. — of these the average number issued and transferred per month was 580 — sold per month 25. — died and killed per month 77. — The number of animals

used at the post is 89. and private  
 horses making a total of 776 animals  
 public and private foraged during one  
 month, of which number it is estimated that  
 250 is the average number fed from day  
 to day. The number reported as died & killed  
 per month is composed of the following  
 aggregates 77 Horses & 39 mules killed  
 on account of glanders, and 213 Horses  
 & 135 mules died, aggregate 348 in six  
 months. The number appears large but  
 when it is recollected that, during the  
 past six months the unserviceable &  
 diseased horses animals of a large  
 portion of the Army of N. Va, have  
 been turned in at this post and that, the  
 number <sup>which died</sup> embraces not only those  
 which died in the stables and lots at Bacon  
 Branch but while in transit to Clark-  
 ville and Lynchburg <sup>as well as</sup> those which died  
 at pasture, <sup>while enroute</sup> in this vicinity, when mounted  
 it appears more reasonable. The most  
 effective means of preventing these heavy  
 losses is to have them turned in before  
 they become so much reduced in flesh &  
 strength and keeping on hand at Bacon  
 Branch a full supply of forage  
 so as to give these animals full rations  
 at once when turned in to be recruited.  
 It is frequently the case that the supply

of forage on hand is so limited that only the teams in use on the yard can be fed, while the idle stock and unserviceable animals in transit suffer very much. The (250) two hundred and fifty animals reported as the average on hand is composed of sixty (60) wagon horses, four (4) ambulance horses, twenty five (25) kept by order of Genl. Bragg, making a total of 89 yard horses and leaving a balance of 161 composed of horses and mules on hand for idle and unserviceable animals turned in to be sent to the infirmaries &c.

The wagons and ambulances kept on hand for post purposes & now used embrace 15 four horse wagons, one of which is kept for the yard & is used in hauling supplies and public property to and from the Depot - 8 of them are reported as a wood team & are mainly used for that purpose. Maj. Magnard furnishes no wood to the post and hence Maj. Archer is thrown on his own resources. The wood is purchased in the Country and has to be hauled a distance of 7 or 8 miles. The amount of wood required for the establishment is ten cords per week. The remaining six wagons compose a forage train and are used in collecting such long forage and grain as can be procured in the Country.

I have recommended to Maj Archer that  
their train be enlarged and that, more dili-  
gent and persistent efforts be made to  
secure forage in the Country, which suggestion  
has been adopted with a fair prospect of  
success. The two ambulances are kept one by  
order of the Inspector Genl, Field Transport  
ation, the other for the use of the yard and  
for temporary emergencies - (6) Six one horse  
carts for use of the yard. The number of  
private animals foraged are (5) five and  
are owned respectively by Maj R. P. Archer  
1 Col A. H. Cole 1 Maj W. H. Gibbons 1, Maj  
S. P. Hamilton 1 & Maj Dillard 1.

These receive their full allowance of forage  
and the best attention. There are at the  
Branch (2) <sup>one</sup> granary <sup>one forage house</sup> (5) five stables  
(19) nineteen horse lots, (1) blacksmith's shop  
with (27) forges in blast, one wheelwright  
shop, one paint and finishing shop, one  
harness shop and one shoe shop. In the  
forage house has been erected a horse  
power straw cutter, which disposes of that  
branch of the business in a most expeditious  
and economical manner. The stables are  
capacious and judiciously built, regard  
being had both to economy and the comfort  
and health of the animals. I have repeatedly  
suggested to Maj Archer the importance of  
having the inside of these stables including  
the stalls and mangers white washed over

in two or three months as a means of destroying any noxious influences arising from the occupancy of diseased horses, but regret to say that he does not seem to appreciate the importance of such hygiene steps.

At my instance Maj Archer has set apart one lot in which a stable has been built for horses with malignant and incurable diseases. Another lot and stable has been constructed for animals which are distempers, wounded, or afflicted with other maladies, which are susceptible of treatment. His inability however, to get a competent veterinary man to take charge of these important branches of his establishment has prevented much of the good results which I hoped would flow from such arrangements.

A man of intelligence and proper skill in the management of diseased horses should be put in charge of these infirmaries, whereas they are entrusted to negroes, who have only the casual supervision of one of the stable managers. The importance of white washing these stables at least once a month cannot be overestimated, as one diseased horse may infect them and be the means of destroying many others unless some such means is taken to destroy the poisonous effluvia & miasmata which must necessarily accumulate in them. The great number

of animals which have died and been killed, 77 per month shows the importance of an improved system and the strictest attention to hygienic rules. I am satisfied that, proper attention to such rules in the Army and at posts, would reduce the mortality among public animals one half.

The employees at this post consist of

(1) One Chief Superintendent pay \$6:50 p.d.

(2) Two forage & subsistence Agts, \$6:50 "

(3) Three stable masters. — " \$250 p.m.

(2) Two Clerks " \$4 p.d.

(1) One Courier " \$50 p.m.

The hands, operatives & machinists employed

consist of (40) Forty Carpenters (payroll) \$900 p.yr.

(80) Laborers \$500 p.yr.

(56) Fifty six Blacksmiths

white and 50 blacks. 1200 p.yr.

(23) Twenty three Wheelwrights

4 white & 19 blacks \$6:50 p.d.

(14) Harness makers (detailed) \$6:50 m.

This constitutes the present available force which will hereafter be somewhat augmented.

It is proposed by Maj. Hooker to have a force at least one fourth larger than that employed during the past six months and to substitute slave labor for detailed men as far as practicable. No wagons,

ambulances, harness or saddles are made at these shops during the last year, but there was repaired and issued from the

unserviceable Transportation turned in, 181 wagons, 59 Ambulances, 409 sets of harness, 233 saddles. Much more work would have been accomplished, except for the fact that, the most efficient mechanics ~~in the shops~~ <sup>in the shops</sup> have been in the trenches since the 28<sup>th</sup> of September, besides similar interruptions of shorter duration prior to that time - of these 22 men, 9 were harness-makers and 13 were wheelwrights, the class of workmen most needed. Besides this, transportation which has been completely renovated, and made as good as new, many repairs to wagons, harness, ambulances of less importance have been made of which no account was kept, the materials used being expended. The number of unserviceable wagons & Ambulances which I found accumulated in the lots around Bacon's Branch when assigned to duty <sup>here</sup> twelve months ago, attracted my attention and repeated efforts have been made to dispose of these by sale, or otherwise without success. A large number of them have been sold at public Auction with due notice in the public prints, but in no instance have they sold for the worth of the iron and hence the sales have been stopped after disposing of a limited number. A large number of the most worthless have been burnt in the shops and yards

and such portions of the wood work, as were of service were retained and used in repairing other wagons. Such iron as could not be so used, has been sent to the rolling mills and put into serviceable shape. There are still on hand a number of these wagons, too good to be thus disposed of, and yet are too heavy for the service, but would be of great benefit to the farming interest if sent to the interior and sold to farmers.

The Gov. having possession of all mechanics, places it out of the power of planters to keep up their farms transportation and such a disposition of these wagons is necessary for that interest. A great loss has been sustained on the part of the Government by not keeping at Bacon's branch a force sufficient to repair such of these wagons as were susceptible of it as fast as they were turned in. Many of them which needed only a few hours work when turned in, after remaining for months in the sun and rain require complete overhauling. Maj. Archer thinks with his present force that he will be able to repair at least three times as many wagons as were repaired during last year, but even this will not be sufficient to clean out his yards and keep up the Army transportation. I would recommend that if negro mechanics can be obtained that his force be increased to the utmost

Capacity of his shops, so as to execute the repairs to wagons, ambulances and harness as fast as they are brought in and at the same time to bring into the service in the course of the next few months all the unserviceable wagons &c in his yards which are susceptible of repairs.

Of the (27) twenty seven forges which are in blast at Bacon gun branch about one half are devoted to the repairs of wagons and ambulances, the remainder are engaged in making horseshoes and nails. Besides the yard animals, all animals attached to the depot are shod and in times of emergency both cavalry and transportation animals. Many shoes and nails are also made and turned over to Cap Geo: E. Taylor, or issued out to the Army. On the 26<sup>th</sup> of Sep, last Maj Archer established a shoe shop for the purpose of shoeing the employees and officers at the Bacon gun branch and the Officers of the Field Transportation Department. The greatest difficulty was encountered in <sup>purchasing</sup> ~~procuring~~ supplies and one of his best workmen has been sick half the time, he has turned out 231 pairs of Bronges besides much work for Officers. All of Maj Archer's shops, stables &c seem to be well managed and his business energetic & efficiently conducted. The regular working hours are from 7 o'clock A.M. to 1 P.M. and from 2 P.M. to 6 P.M. or as long as the hands can be made to work in winter.

I believe that the Agents employed by him are competent and in the main faithful to their trusts. I am happy to report that, the system of allowing the Agents and employes to keep a large number of hags and other stock has been abandoned discontinued almost entirely. These must necessarily subsist upon the Corn and other forage drawn for the public animals at the post and in times of great scarcity such competition must be injurious to the public interest.

I examined also, carefully Maj Archer's system of Accounts and book-keeping, and am happy to report that the investigation was entirely satisfactory. The points to which I wish to draw the attention of the Insp Genl, particularly are, 1<sup>st</sup> that the Officer charged with the collection and distribution of forage at this post being unable to meet the demands upon him that, Maj Archer be required to organize a forage train of at least ten wagons and that he be authorized to collect for in kind, or to purchase forage wherever he can find it and if necessary to pay local appraisement. 2<sup>d</sup> If the system of infirmaries is to be maintained, that, he be required to employ a competent Agent who shall be specially charged with the two Stables designed for sick and wounded horses and that a supply of lime, medicines and some materials for bedding be kept constantly on hand.

3<sup>d</sup> That the number of negro mechanics in  
his wharf, and Harney shops be increased  
to their utmost capacity and that his attention  
be specially directed to the repairs of Wagon,  
ambulances and Harney with a view of bringing  
the large amount of materials now wasting in  
his yards into use as soon as possible.

With great respect Maj,

I have the honor to be re

Received of the Hon. Sec. of War

May 20. Johnston City, Tex.

Received of the

Major

I have the honor to send you  
herewith the reply of Capt R. L. McMurdo, in  
charge U.S. Ordnance Shops at this place, to  
certain questions propounded to him in accordance  
with instructions from the Maj. Gen. T. W. Sherman.

These shops seem to have been managed with  
skill, energy & economy by Capt McMurdo and have  
enabled the Dept at all times to meet the de-  
mands upon it for Ordnances. The average  
number turned out during the past year was  
(22) twenty two per month & the greatest number  
turned out any month was (48) forty eight. The  
great disparity between the capacity of the shops  
& the actual amount of work accomplished is due  
to the fact that a large portion of the work assigned  
to these shops has been done in the trenches  
for six months, & the additional fact that one  
entire month with the whole force was lost  
on account of freshets in Texas River, to say  
nothing of the interruptions, delays & sickness among  
the employees incident thereto.

The loss of time & valuable material by these fre-  
quent freshets would so speak the propriety

of recommending them ships & some other facilities as  
indicated in the report of Capt. M. Murdo.

In the present critical & unsettled condition of  
our military affairs however, it might be  
proper to hold some such a step for the present.

The supply of material on hand is not so great  
is ample for present & prospective demands.

& the force now employed in the shops will  
be able to turn out an average of (35) thirty  
five ambulances per month, if not interrupted.

I regret to say that Capt. M. Murdo has declined  
to be relieved of his present charge, & that his  
wishes will probably be consulted. It is a mat-  
ter of great importance that an energetic &  
efficient officer should succeed him.

Capt. M. Murdo recommends, as one entirely  
suited to the place, H. A. C. Gancey, A. B. C.

2nd Regt Local Defense Troops - from the inves-  
tigation into the intelligence & qualifications  
of H. Gancey, I take pleasure in endorsing  
his recommendation.

May

Herewith enclosed I have the  
report of inspection of the  
attached Comd. of the 1<sup>st</sup> Regt. of  
Forage Recd & issued to animals from 1<sup>st</sup> to 12<sup>th</sup> of  
Inst. in accordance with orders Insp Genl. H. H. Hays  
bearing date 19<sup>th</sup> Feb.

The Brigade of Genl. Hays & the 1<sup>st</sup> & 2<sup>nd</sup> Regts. of  
Lt. Col. Lightfoot are both fully equipped with  
transportation and are thereby enabled to collect  
much the larger portion of the forage wh. they need.  
It will be seen by reference to Capt Kings report  
that the 1<sup>st</sup> & 2<sup>nd</sup> Regts. of animals of Lt. Col. Lightfoot  
Comd. have had 11<sup>th</sup> of grain during same period  
of long forage per day - Capt DeWitt Hays, of the  
Brigade, has issued to his animals 18 eight pounds  
grain & (5) five pound long forage per day. The  
animals on these two commands are in very good  
condition & the officers in charge report that with the  
supplies already engaged in the country with some  
assistance from May, Maynard that they can keep  
up to the present standard for at least thirty days.  
Capt Shield Hays & Dr. Hays' Bluff has submitted

is animals upon forage raised by troops belonging  
to Bat<sup>n</sup> heavy Art stationed there. The supply is  
nearly exhausted, wh. will render him dependent  
upon May Thayerwood as the only one supplying the  
garrison with corn & hay. The 8. & 9. line stores  
will give full employment to his team. His trans-  
portation is in very good condition.

Capt Abner Dyer, Chaplain, King's has collected  
in the neighborhood the bulk of the forage used  
by him wh. source of supply is now exhausted.  
His animals have been subjected to constant and  
excessive labor during the active operations around  
the bluff & are in bad order, though they have received  
the ration of forage wh. is allowed.

The transportation attached to Genl Lee's Brigade  
L.D. Woods & Genl Boston Lodge's divisions in charge  
Capt Lt Col. McMurdo has been inadequate  
to meet the legitimate wants of these commands.  
The supply of forage has been <sup>obtained</sup> with great difficulty  
partly by borrowing in the neighborhood and  
mainly fr. May Thayerwood. From both sources  
however an irregular ration of five pounds  
of grain & five pounds of hay. It has been secured  
that most of the animals are fresh having been  
recently issued. but under this treatment are  
wearing rapidly & will all be unserviceable  
in the course of a few weeks. Better prompt  
be made if there is to be kept in the full

Reporting the number &  
condition of Am<sup>t</sup> of  
Storage received by Encl  
Encls Command -

The troops attached to these three Regiments, occupy  
the line from 2<sup>d</sup> Gilman to the River. In addition  
to the legitimate demands upon these Regiments  
for their much extra hauling has been done  
in supply materials for building & erecting  
posts along the entire line.

Capt J. T. Smith & his for two divisions of heavy  
Art, occupying the Intermediate river has eight  
four mule teams - two 2 mule teams & see report  
The four mule teams were turned over originally  
for Company & Ordnance purposes, but the main  
work now performed by them is the heavy supply in  
wound & fruitless trips made to the head for forage.  
They have had an average of 6<sup>th</sup> & 8<sup>th</sup> & 2<sup>nd</sup> Regts  
per day, per head during present month. Some  
of this has been borrowed & collected in the neighborhood,  
which cannot be done in future. The mules  
are in very bad condition & will all be  
unserviceable unless than thirty days unless  
more forage is issued to them. They are entirely  
dependent upon May Maynard, and as it is im-  
possible to improve the condition of the mules under  
the present system, I would recommend that  
this draft be turned over to May Maynard  
& that he be required to supply the wants of the  
Command.

Relative to construction  
of Genl Order 11167.  
Reply to Genl

Chap. 5. Book 11.

Respectfully returns to R. M. General the essay of H. H. Gibbons.  
Noting Inspector General, with the remarks there under General  
Order No 11, Series 1863. The Government relinquishes its claim  
to horses & mules left upon the premises of Gammon, provisions  
the value does not exceed that of the property wherof they have  
been despoiled by the enemy, and provisions further that the ad-  
monitions of that is conformable with - General Order 17, amended  
by par: VI-73 current Series, affirms that "persons having property  
under the provisions of that order (11) or who have lost property  
abandoned by the enemy of equivalent value to that taken  
from them will be allowed to retain it on showing such  
right" in the record (17.) Horses, mules, wagons, harness & saddles  
are specified, hence it is inferred that the term property em-  
ployed in last clause is not used in its Genl sense, but has a  
specific application to the articles mentioned in first-clause.  
It is also contended that citizens will be allowed to retain  
only so much of said property as is left on their premises  
by the enemy, the "rights" established by (11) are thus restricted.  
A copy of instructions furnished a unit is herewith trans-  
mitted - If my construction of General Order No 11 & 17  
is not approved by the Department, I would respec-  
tfully ask for instructions -

Chief Insp 2<sup>nd</sup> Dist  
Augusta Ga  
Map

The following report of inspection recently made on the Coast of South Carolina is respectfully submitted -

The amount of transportation in this portion of Genl Beauregard's Dept. is considered adequate for the necessities of the service, but its condition is bad. The horses & mules generally are in low order, many of the wagons and ambulances, and much of the harness and repairs - The low order of the horses & mules is due to the short ration of forage which has been issued for some time & the fact that they are not kept shaded. No salt is given to animals under the impression that they do not need it, but except when fed on marsh grass, they should receive it regularly as in other portions of the Country - The bad condition of wagons, ambulances & harness is due to the want of shops & materials for repairing them, and the fact that little or no oil is used. Though large numbers of wheels & tires are thrown out from the slaughter pens. It should be made the duty of Quartermasters to collect & extract the oil from these as their horses, wagons &c are suffering much for the want of it.

I would also recommend that shops be established in each Military Dist for repairing wagons harness, shoeing horses &c. The system of sending everything to Charleston is inconvenient and expensive and in the present embarrassed & disorganized condition of affairs is impracticable - Besides in view of size of the Department

of war the other districts should be rendered self-sufficient & independent if possible. The attention of the proper authorities was called to this subject, but I am assured that unless something more is done the interest of the service must suffer.

Most of the Mules condemned by me and turned in to Maj Bringle Charleston, were either too old or so much disabled as to be mere incumbrances to our service & should be sold immediately. About five per cent of the Mules at least ten per cent of the horses inspected would have been ordered to the Infirmary if they could have been spared, or if their places could have been filled at the time by fresh animals. But there being no surplus, & the distance to be transported was so great, that concluded the latter plan was to endeavor to recruit them <sup>in their present locations</sup> by improvements in the Forage Department.

At Charleston in possession of Maj Bringle I found a large lot of heavy timber, & horse & the accumulation of the year, unseparated & unrefined.

- The great scarcity of material makes it necessary to use at once these equipments which would otherwise become worthless. Though not under your jurisdiction I will state the substance of my report to the Gen Genl on subject Forage. In this as in other branches of our service there is want of that organization & system so essential to economical & efficient administration. From the Officers in Charge as well as from other reliable sources of information I learned that the supply of Forage in the vicinity is abundant for the wants of the Army. The great large quantities had already been collected at the Depot at

and Gaient warehouses. y<sup>t</sup> in the city of Charleston, the Chief  
Depot of Supplies, for the three or four thousand men in  
within Savannah there was no forage collected. And the  
meager & irregular supplies brought by the R.R. from day  
to day was totally inadequate to the demand. Except for  
assistance obtained from such many animals must  
have starved - with the present officers & assets present  
organization, not much improvement can be expected, & hence  
I have recommended that the Collection & distribution  
of Forage in the State of South Carolina be put in  
Charge of an energetic Officer, who shall cooperate with  
Similar Officers who are purchasing & transporting for-  
age for the Army in Va & North Carolina. This Officer,  
who will be the Chief Forage Master of Genl Beauregard's  
Army, should accumulate large supplies in Charleston &  
establish Depots in each military Dist in the State  
from wh. it can be regularly distributed. Of course it is  
not proposed to interfere with usual system of each  
Brigade or Division Quartermaster collecting the forage  
in the vicinity of his Command with such trains as  
may be at his Command, but to establish other sources  
of supply, wh. the Army can rely on in case of emergen-  
cy or when the ordinary means prove inadequate.

The importance of this officer acting in harmony with the  
Forage Officer from Va & N.C. will be sufficiently ap-  
parent when it is recollected that much of the forage  
consumed by the Army in those States is purchased  
in Ga & So. Car. & is transported by the same R.R. which  
feed the Command of Genl Beauregard, passing down to Mil-  
len in seventy miles of Savannah thence via Augusta to Rich-  
mond in seventy miles of Charleston, thus consuming the transpor-  
tation of these main roads & cutting off these Cities with  
their garrisons, from the great granaries from their re-  
spective States -

I have the honor to  
acknowledge the receipt of your letter of the 14th

✓ Very truly

Wm. L. Garrison

That I have been so long out of  
my position here, without solicitation on my part, or  
others such advantages in the present situation, in  
which, that I cannot with justice to myself regret it.  
I left home with the expectation, & every arrangement  
made to return to Salt Lake, as I wrote you on 18th Inst, but  
having no orders previously to report here I did so, and  
have been assigned in accordance with orders which  
have been forwarded to you from Genl. Wells' office.  
The interest of the service I consider paramount, and was  
perfectly willing to sacrifice my own interest & services  
were considered of most value in my position.  
No one can regret more than I do that the pleasant rela-  
tions, & friendly correspondence, so recently formed should be  
thus interrupted. Besides my work was a peculiarly  
pleasant one & in every way acceptable to me.

As all the notes, memoranda, & reports are in my hands  
I can only thank you for the interest & assistance which  
I have received from you. All the notes and  
reports which will be useful to my successor will be  
found on my table and in the case of pigeon holes in  
the office which I used at the house of Mrs. Gibbons in  
Salt Lake. Mr. Manning who occupies the house will

Report of the Director

to the Board of Directors

of the

South Carolina

Department of Agriculture

for

The following report of the Director of the South Carolina Department of Agriculture is submitted to the Board of Directors of the Department of Agriculture of the State of South Carolina for their consideration and action.

1. There is a general feeling of depression in the State of South Carolina, and the business of the State is suffering.

2. The quantity of corn issued to the animals on the Island has been irregular and at no time amounting to more than seven pounds. Long storage is in the city of Charleston the Chief Depot of Supplies for the animals on the Island adjacent and along the R.R. in its vicinity no grain has been accumulated, and hence the supply is dependent upon the meagre supplies which are brought in from day to day. Hence from the Island to Charleston the universal cry is "Corn - Corn - The animals are in bad condition & except for the assistance gotten from Savannah would be reduced to starvation."

While this state of things exists in the Army, I learned from the Officers in Charge where is from their reliable sources of information that the supplies in the interior of the state are abundant and in fact that the <sup>general</sup> supplies made already collected at the depots & government warehouses - As it quizes at present I do not think the administration of the Dept in this particular can be much improved. Hence I would respectfully recommend that the collection and distribution of forage in the state of S. C. be put in charge of one <sup>eminent</sup> Officer who shall cooperate with & act in harmony with similar Officers collecting and transporting forage for the Army of Gen Lee through the state. This Officer should accumulate large several months supplies in Charleston & should establish depots in each Military Dept in the state from which it can be regularly distributed - Of course it is not proposed to interfere with the usual system of each Brigade or Division Quartermaster collecting the supplies in the vicinity of his command with such train as he may have at his command - but to establish a <sup>special</sup> system of supply upon which the Army can rely in case of emergency or when the ordinary sources fail -

The importance of this Officer who will be the Chief Forage Master for Gen Beauregard's Command, acting in harmony with Gen Lee's Chief Forage Master will be sufficiently apparent when it is recollected that all the supplies purchased for Gen Lee's Army in S. W. Ga must come down to Milledgeville in 20 miles of S. C. thence <sup>via</sup> Augusta

and then down to 13 miles in 80 miles of the coast  
concerning the branchiation of the main lines, not cut-  
ting off these cities with their gardens from the great  
granaries of their respective states.

The demands made upon these R.R's for Transportation to supply the army in 1862 were so heavy & so unprofitable, that the wants of the army at Charleston could not be supplied by them, & hence my attention was directed to the importance of <sup>opening</sup> the new <sup>channel</sup> <sup>1862</sup> <sup>1863</sup> <sup>1864</sup> <sup>1865</sup> <sup>1866</sup> <sup>1867</sup> I would also recommend very respectfully that that the Dist & Post Jm be required to establish in each Military Dist - of the state shops for repairing

Wagon, handcuffs, &c. &c. and having been  
sent to the cell house where upon observation which at  
least was expensive & cumbersome - but in the pres-  
ent unimproved & disorganized condition of things there  
I think it of great importance to render the other  
partments of the State Prison as independent as possi-  
ble - these women were seized upon the proper officers  
but it will be who seemed to concur with me heartily  
but it will not be a step to call the attention of any  
superior to the subject, if not that of the High Court.  
I enclosed you from Branchville reports of criminals  
imagined to be kept condemned - wh. I hope you recd -  
there are a large number of Lords in Boston wh.  
shamed go to the inferno, if their slaves could be  
filled - but as there are no others the officers in charge  
are obliged to keep them until their places could be  
supplied with better ones - The number of those  
condemned by me should be sold, as they are rather  
too old or too much shocked to be recruited - I had  
a great deal of them in Boston - I have a great deal of them in  
the way of horse & a condemned were ordered to be  
used in repairing those wh. were unmanageable, as  
they were irrefragable & have <sup>filled</sup> the place of state-  
dell of which there was a great scarcity -

Relative to negroes  
Shipped &c.

File

My dear sister Anne

I find that we have shipped  
from this place to Houston thirty nine  
(39) negroes that are not accounted  
for

I send Mr Corlies over to look  
them up. In doing so he will  
have to go to Galveston.  
Please give him papers to that  
effect. Mr Corlies kept a list  
and shipped the negroes from this  
port & I think the proper man to  
look them up.

When you and Cal  
Smith have matured your plans  
relative to the cause you can  
Command me. I trust you are in  
better Health and Spirits

Sir:

I have to  
say that W. J. Alexander is much  
dissatisfied with the appointment  
of Master Master to my Battalion,  
and urges me to relieve him of its  
duties. Now Col. Gaines, who was  
denied the appointment because he  
did not hold a Lieutenantcy - is an  
old man, who is anxious to serve  
his country in the present struggle -  
but is physically unable to do so  
in the ranks. - You are aware of  
his anxiety to obtain the Junior's  
position in my Battalion, and as he  
cannot hold it with the rank named,  
he requests me to make this propo-  
sition to you, viz: that he may enlist  
and if he can obtain the officer,

will take it, without the rank of  
a Lieutenant, and receive no pay,  
for his services.

I cheerfully submit  
his proposition, and cordially re-  
commend the same to your con-  
sideration. — Hoping to hear soon  
of your earliest convenience in  
relation to this matter. —

Dear Mr. Broadwell  
Dear -

Referring to the previous card  
made upon you by Genl. Anderson & myself -  
in connection with other gentlemen from our section  
referring the ans. of the people in regard to  
responding to Genl. Smith's letter call for  
over 1/2 of the cotton of the country. We have  
now to represent that the plans of  
the South will be in a great measure de-  
-fructed unless men can be procured from  
the army to repair bridges & run strands.  
As that the cotton of our country can be  
put in a condition for shipment -  
I therefore recommend that I send of  
Josephus Company. Thomas Regan and  
Thomas Sauer of Capt. Webb's Company at  
Anderson. be detached for the purpose of  
putting the bridges & run strands in order -  
and that the services of such negro-  
mechanics as are suited to this work should  
be secured to be placed at the disposal of  
these men - The receipt for some action  
of this kind must be shown - to my  
view it is imperative, as the South will  
not get the cotton -

Dear

Richmond

March 17<sup>th</sup> / 62

Dr. McQuinn of Kentucky has been with  
the Southern Army since October, he has better  
command than any regular physician here.  
Most physicians in his attention to our soldiers,  
he was at the Battle at Donelson, and was  
most active and efficient in giving aid to  
our wounded; he accompanied a part of  
our men to Nashville as a part of  
the army removed there to a place of safety  
and is now with the Army acting as Surgeon  
as a Volunteer Surgeon. - He is forty one  
years of age, was a Physician of standing  
in Kentucky with a large and lucrative practice  
he left a comfortable home and family  
and the doctor in leaving has independence, he  
is now out of from home and his means and  
likes ~~the~~ <sup>an</sup> appointment as Surgeon and he ought to  
have it - He spent to Nashville to see  
an examination in command with letters  
from your office and there after no medical  
board there.
